

4 POLE MCB BOX

SE-A66CB4N

CE
ISO9001

IP rating
IP66

Enclosure material
Polycarbonate

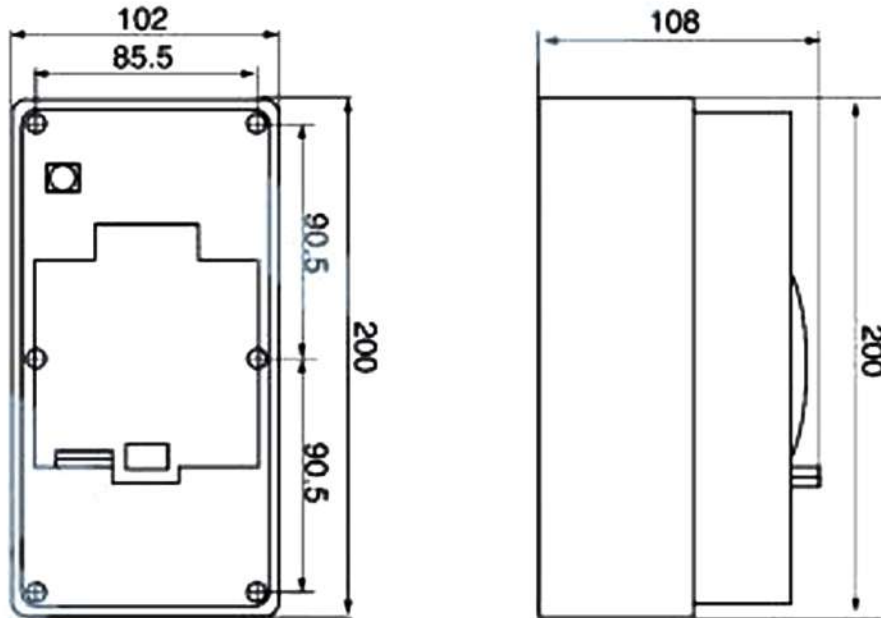

TECHNICAL DETAILS

part number	SE-A66CB4N
IP rating	IP66
color	Light Grey
Enclosure material	Polycarbonate
UV Resistant	Yes
Fixing Screws	Stainless Steel
Padlockable	Yes
Insulation class	II
Insulation voltage ratings	1200VDC
Installation temperature	-5 - +60c
Uses	Electronic equipment AC & DC MCB & RCCB

DIMENSION

CHARACTERISTICS

- * Distribution enclosure is used to fit 4 pole MCB / RCCB for solar panel. the base mounted mechanism provides an adjustment to din rail for different height type of MCB & RCCB. Easy termination and more wiring space, also good design for waterproof gasket ensure the IP66 rating.
- * Polycarbonate frame retardant with UV protect, high resistance ensure enclosure body has good quality and long life .
- * IP66 rating, can be used in humidity and dust environment for outdoor.
- * Suitable for MCB and RCCB in solar projects, also suitable for our DC isolator .
- * Higher intensity and more durable .
- * Nice design, Good quality.
- * Lockable cover.
- * M25 * 4 knockout.
