ISO9001

Material/Body

Current Rating

COB61 DRH PENDANT STATION

TECHNICAL DETAILS

Color	Yellow
Material/Body	Plastic
Model No.	SE-COB61DRH
Switch Type	Pendant Button,Mushroom Button,Flush Push Button
Power/Voltage	220VAC
Current Rating	10A
Usage/Application	Eot Crane Systems

Characteristics

- Control button composed by shell and multi button switches. Shell of Injection molding plastic. Button head adopts apparent direction indicator, not easy to wear. Contact uses standard silver contactor, good conductivity. Emergency stop switch resets the control button after rotating or moving, manipulate button automatically reset.
- Operation environmental condition
- Height above sea level 2000m
- Air comparative humidity 90%
- Protection level IP65
- Main technical parameters
