

# AC CONTACTOR

## 2POLE 30A 220V

CE  
ISO9001

Current Rating

Single  
Phase

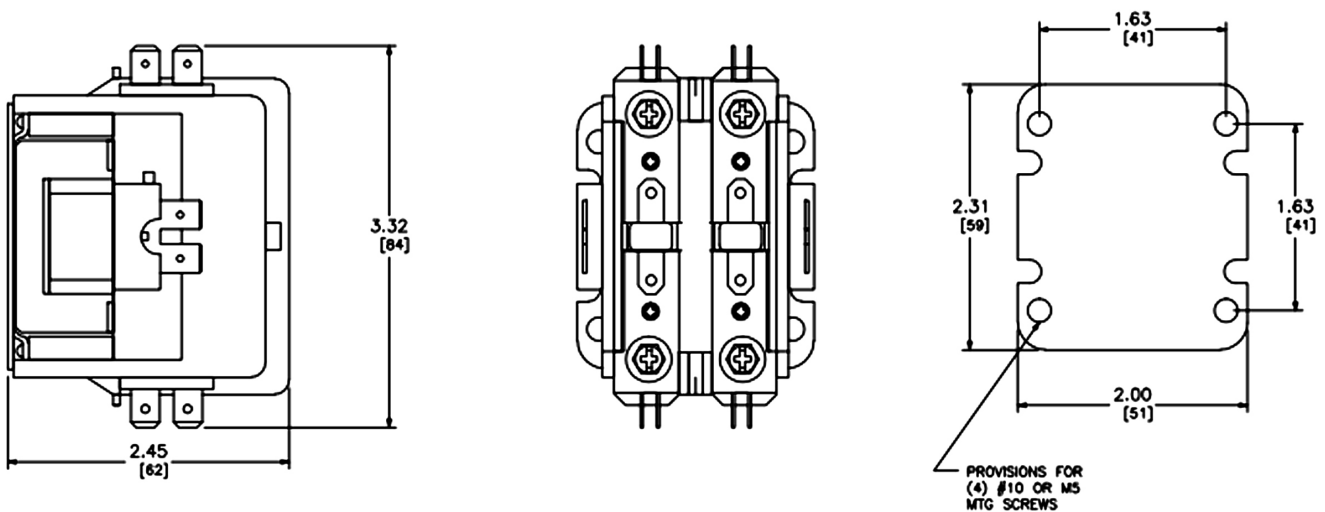

### TECHNICAL DETAILS

Model Name/Number	2XU01AACN
Switching Current	30A
No. of Poles	2 Pole
Application Area	for Industrial
Current Rating	32A
Voltage	220-240 V
Current	50HZ
Phase	Single Phase
Min pickup voltage	135V $\pm$ 5%
Drop-out voltage range	40V
Insulation class	B

## DIMENSION

## FEATURES

- **AC Contactor** is mainly applicable to a line of AC 50Hz or 60Hz, rated insulation voltage is 240V and rated working current up to 60A, used to close or switch off the line
- **Air conditioner contactors** are definite purpose AC contactor are designed for use in refrigeration, air conditioning, and electric heating systems.
- **Power connections** can be made with either screw terminals with quick connects or lug terminals with quick connects
