Max. Voltage

Max. Current

COB61H PENDANT STATION

TECHNICAL DETAILS

Model Number	COB-61H
Protection Level	IP65 rainproof
Max. Current	10A, 5A
Max. Voltage	500V, 500v
Material	PC Plastic
Buttons Type	inter lock and automatic reset
Frequency	50 Hz-60 Hz

Characteristics

- Rain proof crane control pushbutton switch is strong and light, reliable structure, advanced and big contact capacity; mechanical interlocking.
- It can achieve interlock circuit to assure the more safety and reliable using
- COB Waterproof Lifting Button Switch matched cable jacket and waterproof rubber sealing strip, have a good (IP65 level) performance of dust and rain.
- Most suitable for the remote control in outdoor, rainy and snowy, dusty and damp environment, such as electric hoist, open conveyor belt, building line etc.
